Financial Analyst, Consultant

Blue Shield of California

Long Beach, CA

\$109,120 - \$163,680 a year

You must create an Indeed account before continuing to the company website to apply

Apply now

Your Work

In this role, you will:

• Summarize detailed revenue/expense data and compare summarized claim data against fee schedules and contracts

• Produce contract performance reports, modeling of reimbursement rates, evaluation of financial contract modifications and compiling and monitoring key managed care statistics

• Collect and evaluate data, develop and maintain financial models, analyze results and conduct scenario analyses to forecast balance sheet, cash flow and regulatory capital

• Follow and conduct audit processes and review internal controls to ensure financial transactions are accurate, timely and comply with accounting standards, principles and company policy

• Provide policy guidance and interpretation to ensure financial records are consistent and comply with company policies and GAAP

• Provide highly complex analytical support through the analysis and interpretation of data in support of cross-functional business operations

• Identify business process improvement opportunities and internal controls

• Develop, prepare, and analyze reports for management review, and presents to various levels of management
